Florida Statute 1003.455 requires one semester of Physical Education each year during grades 6-8. This requirement can be waived for a student who meets one of the following criteria:

- The student is enrolled or required to enroll in a remedial course.
- The student's parent indicates in writing to the school that:
  - The parent requests that the student enroll in another course from among those courses offered as options by the school district; or
  - The student is participating in physical activities outside the school day which are equal to or in excess of the mandated requirement.

I would like to exercise my parental right to have the physical education requirement waived for one of the reasons above.
